

DAVE COLBERT

DIGITAL CREATOR INTERNET PERSONALITY

Rabid Gorilla is a brand and website that I have been developing independently since 2010. It has had many incarnations that are detailed on the website's 'About' page. Currently, the site is purposed to promote musical and creative projects by myself and my friends. I am taking steps to develop the site into a full fledged entertainment company.

ACTOR

I played Brian in the 2026 production "Lick, Stick, Suck, and Swallow!". An independent horror/comedy made by Bangor filmmaker Shane Grant. It had a premiere at the Maine Independent Film Festival this Spring and is currently being prepared for a wide release. The film has received very good reviews and was an absolute joy to work on.

MUSIC PROMOTER

The Mooninites is the Official Frankie Moon Fan Club which I founded and maintain, celebrating the music of Frankie Moon & The Dave Matheweses Band. In the past I ran a small label called Rabid Gorilla Records which represented four musical acts from Maine. A compilation CD was released in 2019 containing several musical acts that had been featured on the website. In the pre-internet days, I was involved with promoting the band Drunk Stuntmen from Western Massachusetts.

WEBSITE DESIGNER GRAPHIC ARTIST VIDEO PRODUCER

Besides rabidgorilla.com, I have created several websites for friends and small businesses using Wordpress and other content management systems. I am trained in Photoshop and Illustrator but prefer to use open-source alternatives (GIMP, Inkscape). Over the years I have produced and edited countless videos and graphics for both advertising and entertainment purposes.

BLOGGER

I have been, and continue to write articles and stories about my political opinions, personal experiences, media reviews, and more.

DAVID COLBERT

Let my years of practical, hands-on experience work for you. I have spent my professional lifetime perfecting my customer service skills and more recently, my talents as a graphic designer. People are my passion and I truly enjoy working with the public. I have extensive experience in sales, marketing, and management. I am very tech savvy and enthusiastic to learn new skills and systems.

University of Maine
Orono, Maine
1988-1990
- **Diploma**
Jonesport-Beals High School
Jonesport, Maine
1984-1988

Experience

Budtender/Keyholder

May 2024 - Present

Brothers Cannabis, Bangor, Maine

One year ago I was hired as a 'budtender' by Brothers Cannabis and approximately six months ago, I became a key holder expanding my responsibilities and duties. Besides helping customers with their purchases, I manage inventory, receive shipments including organizing the required paperwork. I open and close the store ensuring the drawers and deposits are accurate and I address escalated customer concerns. Since beginning the job at Brothers, I have learned a tremendous amount of information about the marijuana plant and the cannabis industry overall.

Brand Ambassador

August 2023 - August 2025

Renewal by Anderson, Bangor, Maine

Two years ago I started representing Renewal by Anderson at various events including state fairs, trade shows, and more. In the short time since then I have familiarized myself with the product line of replacement windows and their various components and I have had some success in scheduling sales calls. I have learned the different configurations of replacement windows and I have also absorbed the rich company culture.

Temporary Jobs and Independent Projects

2021-Present

Bangor, Maine

For the past several years I have been investing in cryptocurrencies with varying levels of success. To supplement my income I have also worked several temporary and 'gig economy' jobs including Door-Dash, Instacart, and UberEats. The temporary assignments were through Maine Staffing Solutions and Manpower and included test proctoring and event staff. For a time I drove a taxi and delivered passengers as an Uber and Lyft driver.

Psychiatric Technician

2020-2021

Acadia Hospital, Bangor, Maine

I ensured the safety and security of an adult population in a 10-unit mental health facility wing. My daily duties included routine wellness checks of the patients including taking vital signs and verifying their location throughout my shift. I diffused conflicts between residents and came to the aid of staff when needed. I also recorded patient status, distributed meals and maintained cleanliness throughout the wing. I left the position shortly after being assaulted by a patient of the hospital.

Customer Service / Safety Coordinator / Marketing

2004-2020

Kelco Industries, Milbridge, Maine

Kelco Industries is a major supplier to the Christmas tree and wreath industry. It also owns and operates Sunrise County Evergreens, a seasonal, mail-order retail seller of live, balsam Christmas decorations. During the season, I answered customer service and sales calls. During the off-season I was the company safety coordinator. I also designed marketing materials for various trade publications and I represented the company at trade shows and meetings.
